2. FOCUS Test Series

Organized By: Department of Mathematics

Platform: Google meet

Target Group: all students

FOCUS is a test series conducted by Department of Mathematics enabling students to familiarize topics related to Mental Ability appearing in competitive examinations and career selection procedures. The test series conducted in online mode is open to all students. The answer key along with explanations is sent to the participants after each test. Each year 10 tests are conducted and the top five students are awarded with prizes at the end of the year.

Organized By: Department of Chemistry

Date: 25/02/2022

Venue : Golden Jubilee Hall

Target Group: Chemistry students

No. of participants:74

The association conducted a career guidance programme on 25th February 2022 at the golden jubilee hall. The lecture was given by Dr.Thressen Mathew (MSc, PhD School Of Material Science And Engineering, Nanyang Technological University, Singapore). The title

of the talk was “Chemistry graduates, higher learning and career prospects”. The programme opened up various possibilities of higher studies after doing bachelors in chemistry.

The poster features a dark teal background with a circular image of a person's feet on a road with white arrows pointing in opposite directions. The text is arranged in a clean, modern layout with white and light blue colors.

Introducing students to the world of stock trading can be a valuable educational experience. It can help them understand the basics of investing, financial markets, and economic principles, and potentially spark an interest in finance and investing. The Department of Financial markets conducted a Live Stock Market trading workshop on 10th June 2022. The session was handled by Ms. Emilyn V Jose, Head of Department, Department of Financial Markets.

The target group was second year and third year BFM students. The discount brokers like UPSTOX and ZERODHA was introduced and opening a DEMAT & Trading account was shown to the students. Instant E-Pan facility was explained and about 10 students had applied for the PAN card in front of their colleagues. The PAN cards were delivered via email within one hour. The students were taught the basics of share prices, their rise and fall and their impact on their investments which is important to get them started on trading. Various important terms used by the discount brokers were explained and students had the opportunity to trade with a virtual money of Rs.1 crore using Mock trading app called Moneybhai.
